The Kentucky Rural Water Association ("KRWA") has applied for accreditation of 3 courses of instruction to be held February 10 and February 11, 2004, at the Sloan Convention Center in Bowling Green, Kentucky.

Pursuant to KRS 74.020(7), this Commission is required to "encourage and promote the offering of high quality water district management training programs that enhance a water district commissioner's understanding of his or her duties." The conference for which approval is sought includes instruction regarding vulnerability assessments, securing the utility's public image, and education and training, among other issues. Having reviewed the KRWA's application describing the proposed course, the Commission finds that the proposed course will enhance a water district commissioner's understanding of his or her duties and should be approved for 10.0 credit hours for commissioner and board member training.

IT IS THEREFORE ORDERED that:

1. KRWA's proposed courses of instruction are hereby approved for a maximum of 10.0 credit hours.
2. KRWA shall retain a record of all persons attending the approved course of instruction.

3. Within 14 days of completion of the training, KRWA shall file with the Commission a sworn statement attesting that the approved course of instruction was performed and, if any changes in the speakers or course curriculum occurred after KRWA's application, a description of those changes.
